

Buys & Associates, Inc.

“Smart People Solving Problems”

Corporate Overview:

Buys & Associates, Inc. (B&A) is a full-service environmental consulting firm based out of Littleton, Colorado, and is a certified service disabled veteran-owned small business. The Firm was founded in 1990 and has provided a range of comprehensive environmental services to both government and private industries throughout the Rocky Mountain Region. As environmental concerns and rising levels of governmental regulations continue to escalate, B&A is prepared to work with our clients to research, identify, and develop new strategies for meeting compliance requirements. The company’s diversity of environmental disciplines and depth of knowledge ensure that the missions outlined by our clients and government agencies be met in a timely and accurate manner.

For two decades the B&A team of talented professionals has provided high-quality environmental consulting services that are built upon a philosophical foundation of integrity, responsibility, and pride. Collectively, our team has managed thousands of projects that cover multiple facets of the environmental services sector including: reclamation monitoring and project oversight; stormwater management and erosion control; NEPA analysis and documentation; Endangered Species Act (ESA) compliance; vegetation, wildlife and wetland ecology; Threatened and Endangered (T&E) species ecology; air quality regulatory compliance; Federal and State permitting projects; regulatory program assistance; cultural and paleontological studies and inventories; environmental audits; and soil and groundwater investigations. By merging a diverse spectrum of backgrounds and expertise, B&A possesses an in-depth knowledge of all facets of environmental compliance, thus allowing our firm to efficiently manage complex projects from start to finish.

In a competitive market often dominated by large companies with huge overhead expenses, B&A remains a small firm with a competitive edge, based upon: extensive technical knowledge; cost-effective solutions; timely, accurate results; and five convenient office locations to best suite our clients’ needs.
