- Regulatory Permitting and Compliance Systems
- Hazardous Waste Management and Disposal
- Phase I & II Site Assessments
- Soil Remediation Projects
- Emission Source Impact Assessments
- MACT Compliance and Control Recommendations
- SPCC Plan Preparation and Certification
- Emergency Response Preparation
- Regulatory Compliance Audits
- Groundwater Remediation

### EXPERIENCE

Doug Henderer has a distinguished professional career in the oil & gas industry, including over twenty years of environmental management experience. Doug began with Buys & Associates in 1993 and over the course of a decade, has proven to be a strong leader in industry and an exceptional engineer and scientist; Doug was named Vice President of Buys & Associates in 2005.

In addition to his role as Vice President, Doug also leads Buys & Associates' Regulatory & Air Quality Departments. He has managed and implemented hundreds of environmental projects including: air quality assessments, ambient air quality monitoring, emission source impact assessments, regulatory permitting and compliance systems, SPCC plans, soil and groundwater remediations, and NEPA project management. Doug's wide breadths of knowledge have allowed him to represent clients found in violation of environmental regulations and successfully reach negotiations and settlements with state and federal agencies.

### EDUCATIONAL BACKGROUND

Masters, Environmental Policy & Management, University of Denver  
B.S. Mechanical Engineering, University of Colorado, Boulder
